INVC NEWS New York , India has advocated bringing in positivity and shunning negativity in the run-up to the Paris Conference. Speaking at the Major Economies Forum in New York today, Union Minister for Environment, Forest and Climate Change, Shri Prakash Javadekar said that ambitious Pre and Post 2020 actions and discussion on real issues relating to lifestyle and climate justice will be more appropriate. Shri Javadekar also said that it is regrettable that some developed countries want to negate the whole set of principles of UNFCCC.
