INVC NEWS

New Delhi, Power Management Institute (PMI), NTPC have been globally recognised by ATD Best Award 2018 for the second time in a row, for the centre of excellence in talent development. NTPC PMI has won this coveted global award for successfully building and sustaining the high performance culture in corporate excellence and its commitment to quality, leadership, technology and innovation. The Association for Talent Development (ATD), based out of Viginia, USA is the world's largest association dedicated to the field of talent development. ATD as an organization, recognises the excellence and best practices of companies through a very stringent global competition. This achievement strengthens NTPC's commitment towards the best HR practices, Learning & Talent development, and high engagement initiatives to enhance productivity and cultivate a harmonious and progressive work environment. As an organization, NTPC has always been at the forefront in making efforts towards curating and nurturing the culture for building and sustaining its philosophy of high-trust and high-performance. NTPC has always nurtured the talented individuals with knowledge, skill sets, and competencies and aligned its human resource function with the ever-evolving business environment. NTPC's learning and development has always been the major plank to bring the transformation with experiential learning, custom-made management development programs.
