INVC NEWS
Haryana,

Haryana Chief Minister Manohar Lal will be launching Haryana112- Emergency Response Support System project on July 12, 2021 in Panchkula. Besides this, the Chief Minister would also flag off as many as 601 Emergency Response Vehicles equipped with mobile data terminals from Panchkula.

The Chief Minister would also inaugurate the newly built state-of-the-art State Emergency Response Centre (SERC) for the functioning of the Haryana 112 project, which is based on hi-tech geospatial technology providing immediate response to the distress calls received from across the State.

Home Minister, Sh. Anil Vij along with many other political and administrative dignitaries and other senior officers of the Police Department would attend the function.
