

“Oasis Spa is proud to announce that We Won TWO Thailand Tourism Awards”

By : Deepak Published On : 10 Oct, 2013 07:57 PM IST

M.M.Khanna, INVC, Chandigarh, Pakin Ployphicha and Toby Allen, Managing Directors of Oasis Spa (Thailand), pictured above, received TWO of the coveted Thailand Tourism Awards for Outstanding Day Spa. Although they have won this award two times in the past, they were especially elated and honored this year to receive TWO Outstanding Day Spa awards for Oasis Spa branches located in Chiang Mai and Bangkok. They attribute their success to a great management staff and the committed team members who put into action their objective to raise industry standards for superior service, customer satisfaction, and innovative treatments. The award ceremony was a gala event held at Jubilee Hall, IMPACT Convention Center Nonthaburi. These much sought-after awards from the Tourism Authority of Thailand were presented by its Tourism and Sports Minister, Somsak Pureesrisak. The Thailand Tourism Award is only bestowed upon a few businesses that merit recognition for being the ‘best of the best.’ They must be a frontrunner in providing the highest quality of service plus make a noteworthy contribution to Health Tourism and the day spa industry in Thailand. Oasis Spa began in 2003 and quickly became one of the leading day spas in Thailand with 10 branches in the tourist destinations of Bangkok, Chiang Mai, Pattaya, and Phuket. Their unique dedication to providing the “Ultimate Lanna Spa Experience” quickly became a favorite of local spa goers and visitors to Thailand from across the world. Acknowledged as one of the premier spas in Thailand, Oasis Spa has set a ten-year record of excellence and innovation which has won them many awards both in Thailand and throughout Southeast Asia.
